Subject: RE: Bologna Showcase of Innovative Food Waste Approaches - AGENDA, BIOS FOR ITALIAN PARTICIPANTS, & FICO EATALY LUNCH
Attachments: AGENDA_Showcase of Innovative Food Waste Approaches and Tour.docx
Importance: High

Dear All,

Brianna is out of the office today, so wanted to share a few recent updates on a lunch and Food Waste Showcase event tomorrow at Eataly World which we just received from folks on the ground in Italy. Please note that **the timeslot for the showcase event has been moved to 3:00-4:15pm**, per the attached agenda. Bios for other participants are also included in the agenda document, for your reference. Also, note that the agenda seems to only include U.S. speakers that will have prepared remarks, but bios for all have been included.

The event partners from Italy will be hosting a **lunch at FICO Eataly World tomorrow (Saturday) from 1:30 to 2:30pm before the Showcase event**. It was originally scheduled as a lunch for business leaders, but we do hope **all the U.S. participants from the food waste showcase event are also able to attend** as schedules permit. We understand it will be relatively informal and there will be about 50 people or so. I will be available for questions until 3:30pm Eastern time today, but please also feel free to contact EPA and U.S. Embassy personnel on the ground with any questions, although Hodayah may be harder to reach given the negotiations underway.

Brianna, just to be clear --we need at least 11 copies with us. How many copies do you need ahead of time and where should we send them?

Regards,

Ted

Hi All,

Thank you all for the productive call yesterday and for your continued cooperation. I wanted to follow up and we just received some additional information about the food waste and lost event.

Due to a change at the venue, **we were just informed that there will NOT be a project or ability to project slides for the event.** I know you have all been working on your presentations and Italy has asked us to send these to the moderators ahead of time and agreed to distribute them to all the participants after the event. You are welcome to speak without visual aids or if you prefer can print off slides for participants, we believe there will be about 11 participants who would need handouts. I'm very sorry for this last minute change – we just got the information from the venue.

I'm attaching some more logistical information including directions on how to get into the FICO Offices and contact information for EPA and Embassy Rome staff, should you need anything. Ted and Jon, I believe the lunch for business will be at the same venue as the showcase.

Finally, Cheryl asked me to pass along a few reminders for your presentations, below:

1. You will be speaking to an international audience so think about how you present measurement units (e.g. pounds/gallons).
2. Why are these efforts important to your organization/business/academic institution?

3. Why/How did you begin the efforts?
4. Did the efforts translate into job creation/development of innovation/financial benefit?
5. Have any of the efforts resulted in behavior change (i.e., trayless dining halls)?
6. Be sensitive to terminology, especially around donation (not donating “food waste,” but rather “excess.

Thank you again for all of your patients, I’m sorry for the last minute changes. Please let me know if you have any questions.

Hi Brianna,
I've added Jon to chain. We will be in Dallas for internal meetings on Tuesday so Monday is better for us. We might be able to step out Tuesday, but we don't have our final meeting agendas yet so we don't know for sure what time might be ok to miss. Can we please try Monday at 1 EST? Sorry everyone.

Thanks in advance,
Jess
